Others Present: Various SLC Mosquito Abatement District Staff Members
Various Centers for Disease Control & Prevention Staff
Members

No official board meeting was held. However, the Trustees were invited to participate in the following tentative itinerary during the CDC visit:

12 July, 2023:

8:00 a.m. – 2:30 p.m. Aerial tours of the Salt Lake City mosquito habitats in rural wetlands (departed from Skypark Airport, 1887 S 1800 W, Woods Cross, Utah), lunch, and field observation of urban surveillance and control operations (vector surveillance; biological control; catch basin bike and tree hole practices).

2:30 p.m. – 4:30 p.m. Presentation / discussion with SLCMAD staff and tour of facility.

6:00 p.m. – 10:30 p.m. Dinner and participation in / observation of Dibrom (naled) aerial deposition study trials, provided an opportunity to observe the rural wetland habitats at night and experience mosquito densities.

13 July, 2023:

7:00 a.m. – 3:30 p.m. Ground tours of the rural field habitats via boat, ATVs, UTVs, and trucks. Tours included vector surveillance field operations (trap pickup / processing), tracked vehicle applications, unmanned aerial system applications, and site visits to Duck Clubs, Audubon, State Prison, Great Salt Lake, and surrounding areas. Lunch was available at noon.

3:30 p.m. – 4:00 p.m. Staff took CDC visitors to the Salt Lake City International Airport.
