

Mosquito Larvicide GB-1111

ACTIVE INGREDIENT

Mineral Oil 98.7%

OTHER INGREDIENTS 1.3%

**Precautionary Statements
Hazards to Humans
(& Domestic Animals)**

CAUTION

Contains Petroleum Distillate

**Contact May Irritate Skin.
Causes Eye Irritation.**

Potential Inhalation Hazard.

Avoid contact with eyes, skin and clothing. Wear goggles and rubber gloves. Use with adequate ventilation. Avoid breathing vapor or spray mist. Wash thoroughly after handling. Remove contaminated clothing and wash before re-use. Respiratory protection may be required.

Environmental Hazards:

This product is toxic to fish and other aquatic organisms. Do not apply directly to water (except for killing mosquito larvae; then only around the borders of these areas and in shallow water). Do not contaminate water by cleaning of equipment or disposal of equipment washwaters.

Physical and Chemical Hazards:

Do not use or store near heat or open flame.

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

Have the following product container or label with you when calling a poison control center or doctor going for treatment. For Medical Emergencies, call the International Poison Control Center at 1-800-214-7753. If swallowed: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth. Call a poison control center or doctor for further treatment advice.

Note to Physician: Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To be used in governmental mosquito control programs and by professional pest control operators.

This product is for killing mosquito larvae in swamps, floodwater areas, and other areas where mosquitoes develop. Mosquito Larvicide GB-1111 kills only mosquito larvae present at the time of application. Apply at a rate of 3 gal./acre. For bodies of water containing dense vegetation or high organic content, up to a maximum of 5 gal./acre is allowable. Reapply as necessary. Petroleum oils may produce an unsightly appearance and should not be used when this condition is objectionable. Apply only to shallow water sites and to borders of water bodies.

STORAGE AND DISPOSAL

Prohibitions:

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage:

Keep container closed. Avoid elevated temperatures. Avoid storing product in direct sunlight for extended periods of time.

Pesticide Disposal:

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Pesticide Container Disposal:

Non-refillable container. Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
